DIXIE LYCEUM Presents Mary Adel Hays Opera
Singers. Costumed Excerpts from
Light and Grand Opera, at the
Hondo Auditorium Thursday, October 26th

The Affiliated Bureaus take pleasure in presenting Miss Mary Adel Hays, noted American coloratura soprano, and her own company of opera singers, in a trans-continental tour during the coming season. They will present costumed excerpts from both light and grand opera, as well as many ballad selections and concert classics.

Although her studies and most of her concert work has been done in New York City, during the past few years repeated calls for western tours have made Miss Hays particularly well known in the western states. Her position as one of America's popular coloratura artists is secure, and the bringing of Miss Hays and her company into Lyceum work is a distinct step forward in the standard of Lyceum music. The organization is high class in every particular and Miss Hays has chosen a very fine group of assisting artists, all of whom have won distinction in oratorio or concert fields. The company is one of real artistic standing and the program is one of surpassing musical excellence.

Costumed scenes from "Faust," "Rigoletto," "Carmen," "Il Tro-

vatore," "Martha" and many of the other old favorites will be presented—musically and artistically correct. Not only is the individual artistry of each member way above that heard in the average operatic concert group, but the voices have been very carefully selected by Miss Hays with a view to perfecting a remarkable ensemble. The ballad numbers, too, are particularly chosen and special selections from the famous cantatas and oratorios are used by Miss Hays and her artists. The opera scenes have been carefully coached by a leading New York impresario and particular attention has been given to the correct costuming and scenery used in the various operatic pictures. A delightful treat is in store for lovers of real music.

The personnel of the Mary Adel Hays Opera Singers includes the names of some well known New York artists. They have been with Miss Hays during past seasons, so the organization is not an experiment in any sense of the word. The personnel follows:

Mary Adel Hays, Coloratura Soprano; Katharine Richards, Contralto; Claude Schell, Tenor; John Wainman, Baritone; Beulah Clark, Pianist and Flutist.

DIRIGIBLE C-2.

Visitors in Hondo last Saturday
evening, not knowing why, might
have thought all our people were
suffering from an epidemic of wry-
neck. However, had they cast their
eyes skyward, the reason for the
craned necks would have easily been
discernable—the United States Army
Dirigible C-2 was passing.

It will be recalled that this great
leviathan of the air (as we can see
no reason why the air is not as much
entitled to leviathans as is the wa-
ter) passed here about a month ago
en route to San Diego, California,
on a trans-continental voyage. It
passed over Hondo at that time at
night, and our people did not get
to see it. When the news was re-
ceived Saturday that the mammoth
airship was en route on its return trip
and would pass over Hondo Saturday
evening, everyone was on the look-
out, and the sight was one worth
seeing. The ship made its appear-
ance in the west about 6 o'clock, and
every man, woman and child had
their necks craned skyward and
watched the new aerial wonder until
the growing dusk swallowed it up
in the east.

While the ship did not look as
though at a great elevation, the many
statements as to just where it pas-
sed proves that its elevation was
considerably greater than it appeared
to be. Everyone who saw it, no mat-
ter on what part of the town they
happened to be, contend that the ship
passed immediately over them.

The ship, when passing here, did
not sail on an even keel, but rose and
fell, more like the waves on a large
body of water than any other com-
parison we can make. It was re-
ported that it carried a crew of nine
men, and while apparently it was
sailing at a rather moderate pace,
the quickness with which its great
bulk disappeared from sight proves
that its speed was much greater than
the "land lubbers" realized, and it
was safely in its hangar at Brooks
Field, San Antonio, a few minutes
after 7 o'clock—long before the
people had quit talking about it. It
was the first dirigible that ever pas-
sed this way, and it was an interest-
ing sight that will long be remember-
ed by all our people.

The life of this ship came to an
end at 9:15 in San Antonio Tuesday
morning. In attempting to remove
it from its hangar to make a flight
over the city a blustery norther that
blew up at that hour hurled it
against the side of the hangar, a rent
was made in the great bag, the gas
ignited and fire soon reduced the
pretty ship to a mass of charred
ruins. Seven men who were in the
basket for the trip over the city
were injured, but none of them very
seriously.

APPOINTED TO CONSULAR
SERVICE.

Elbert de Montel has been notified
of his appointment to the consular
service of the United States, Tor-
reon, Mexico, being assigned as the
place for his entering the service.
He has not as yet signified his in-
tention to accept the proffered ap-
pointment, but will go to Mexico
the first of the coming week to look
over the ground and will then de-
termine his future course. Torreon
is one of the greatest business cen-
ters of the Southern Republic, being
an important railroad center, and
should "Curley" decide to accept the
appointment his will be the strenuous
life as long as his headquarters are
in that city.

The last five of the above cases
were transferred to the county
court.

The grand jury adjourned for the
term at noon Friday, after having
returned eleven indictments.

Francisco Banta and Rosito Del-
gado, both citizens of Mexico, were
released from jail this week, the
grand jury taking no action in their
cases, the latter with sodomy. The
vice consul of Mexico took an active
interest in behalf of these two of
his countrymen, and doubtless his en-
deavors in their behalf contributed
to their liberation.

The petit jury, save those who served
in the Lilly-Lewis case, were dis-
charged Tuesday. The remainder
were discharged at the termination
of the case in which they served.

The criminal docket will be taken
up Monday morning.

Among the numerous "Dodge
Thomas" who form a part of
population, there are some, here
there, who think that the number
automobile drivers killed or injured
at railroad crossings is exagger-
ated.

To all such we make the sugges-
tion that they might keep a record for
month or so and see what the figures
will show.

Of course, outside of some big
asters, the accounts of crossing
accidents are published far from
place where they happen. So
would miss a majority of the cases
over the country.

Through the newspaper that
read you will get a lot of infor-
mation, quite enough to start a new
series.

There are clipping bureaus in
large cities that could furnish a
flood of such items. Seeing as
believing, so make a record and
it.

Statistics show that 3,000 auto-
mobiles were struck at grade cross-
ings in this country last year. In
accidents, over 2,000 men, women
and children were killed and
3,000 others were injured. In
many instances whole families were
killed or injured, and the loss was
out as completely as though a
clone had struck them.

A cyclone comes without warn-
ing from an unexpected quarter. A
lot of cars always comes along a
main track, so you will know
to find it.

Ever since we were children we
have known the fatal result of
being struck by a locomotive. We
can plead ignorance of consequences.

And yet, this very day, more
than one driver, somewhere, will
lessly drive onto the tracks, with-
out looking or listening, and then a
train will demolish his car.

A little thought—a little of
serious attention you give to
business affairs, would save you
such a fate.

ASSAULT WITH INTENT TO RAPE.

Quite a ripple of excitement was caused Thursday afternoon when news spread that a negro had committed a rape on a white woman at Medina Lake. Poses immediately went in pursuit from the Lake, Bexar and Medina counties. Immediately after making the assault the negro loaded his family in an old Ford and headed West. When he reached Castroville he made inquiries as to the road to Eagle Pass, but the information served him no good purpose. Frank Tschirhart, the constable at Castroville who had been notified of the occurrence, put in his appearance and took Baines into custody. Bexar county officers, on trail of the negro, soon arrived, and Mr. Tschirhart turned his prisoner over to them for safe keeping and he was taken to jail in San Antonio.
Excitement somewhat abated when it was learned that Baines did not accomplish his purpose, being held at bay by the woman with a shotgun. Baines was well known to the people of the Lake, he and his family having lived there for some time in a tent.
The grand jury returned a bill against him Friday morning, after which that body adjourned for the term. Baines, who claims San Antonio as his home, will be brought here between now and Monday to answer in the court for his crime.

Mr. B. G. Collier and Mr. J. W. Griffiths went to San Antonio Friday to meet Mr. and Mrs. H. C. Collier, who are coming on a visit to the young man's parents, Mr. and Mrs. B. G. Collier. He has but recently married, and is bringing his bride to meet his people. He is the assistant manager of Hotel Bentley at Alexandria, La., and is prominently identified with the business interests of his adopted city.
Normalcy has at last reached West Texas. A street medicine vender, his bear and fox, are holding forth on South Front Street. Some vaudeville stunts and music for the amusement of crowds is pulled off each night. He is the first to make this territory in a long time. Yes, normalcy of pre-war times is here.

WITH THE DRILLERS.

The well of the Circle Oil Company, drilling on the Bless farm, has occupied the attention of our people the past week. This well was washed and tested out the first of the week, but the promoters concluded to go deeper. It is reported that shortly after again starting the drill another oil strata was penetrated, but as the driller desired to make a thorough and deeper test, this strata was passed up and the drill sent on down. This well was drilling around 900 feet Thursday morning, and expert oil men express great confidence in the outcome.
* * *

We have heard nothing concerning the other well's drilling in this immediate territory further than that development work is steadily going forward.
* * *

Concerning the development work going on in the eastern part of the county the following excerpt from the San Antonio Express of October 17th will prove interesting: "Hitchcock, Cooper and Feltner are cementing at 230 feet their well at Noonan

in Medina county, just across the Bexar county line. They expect to drill deeper and are expecting production at about 525 feet. The territory in that part of Medina county was approved originally by some of the largest oil companies and there has been some little drilling. In the southeast corner oil has already been located in the Yancey wells and an old well on the Christilles ranch is left capped for a time and then turned on will flow a few barrels in a day. This well is shallow. The conclusion is reached by oil men that a very great extension of the shallow fields of this part of the state will be made in that direction and all out along the Southern Pacific through Uvalde county and down in Zavala. Drilling is more active in that direction now than probably it has ever been."

FUNDAMENTAL REVELATION in DRAMATIC SYMBOL.

By Rev. J. T. Horger.

VII.
Noah's Three Sons.

The reader will remember that this series of articles are based, and run upon the constitutional and immutable principle of a TRIUNE Creator, a TRIUNE creature, and a TRIUNE plan of salvation, applied to the soul in THREE distinct dispensations, which is revealed to us in a score or more of trio-dramatic symbols. Commencing with Adam's three sons, then the three stories of Noah's Ark, with its three kinds of inmates, and then the three trips of Noah's dove. And now we come to Shem, Ham, and Japheth, the three sons of Noah. They were all born before the Flood, preserved in the Ark, and became progenitors of the population of the "NEW WORLD," as St. Peter calls it, after the Flood.

And, like Adam's three sons, they were not only progenitors of the succeeding population, but were evidently God-ordained representatives, each standing for a separate and distinct character, which is produced respectively by each of the three dispensations of God the Father, Son, and Holy Spirit, namely, CREATION, REGENERATION, and SANCTIFICATION.

The order in which they are usually spoken of in scripture implies that Shem was the oldest, then Ham, and then Japheth, the youngest.

Now, a close study of the distinctive characteristics of these three sons of Noah, and the part their posterity has played, and is playing, and doubtless will play, in the great program of man's probationary state in the earth in comparison with other trio-symbols, given to outline the same universal principles pertaining to the redemption of the race, bring us to realize that Ham was a type of fallen man, or the child of the Devil, and that Shem was a type of the child of God, or the regenerate, and that Japheth was a type of the truly sanctified child of God.

Of course we realize that to those who have not studied these symbols in the light of constitutional principles of the way of redemption will likely feel that our interpretation of what these characters stand for and represent is far-fetched, and quite uncertain as to the correctness of the construction I am placing upon them.

Therefore, we should proceed into the details of each of them that we may find the evidence upon which we base our opinion and place our interpretation.

Our first reference is to Genesis 9:20 to 27, in which we are told that Noah planted a vineyard, drank wine and was drunk, and exposed his own nakedness—which, figuratively speaking, is true of all who indulge in strong drink—and while Noah was naked, Ham discovered his nakedness and, as some believe, committed the sin of the sodomite with his father, (read carefully Rom. 1:27) and then he told Shem and Japheth, who, unlike Ham, took a garment and laid it upon both their shoulders and went backwards, and covered the nakedness of their father, refusing to look upon their father's nakedness, lest they should be defiled through the lust of their eyes. And when Noah awoke and found out what had been done unto him by Ham, and for him by Shem and Japheth, he said, "Cursed be Canaan, (a son of Ham—"a servant of servants shall he be unto his brethren.") And he said, "Blessed be the Lord God of Shem, and CANAAN shall be his servant. And God shall enlarge JAPHETH, and he shall dwell in the TENTS of SHEM, and CANAAN shall be his servant."

Just why this curse pronounced by Noah was directed upon, and appears to include Canaan only, who was the fourth and last son of Ham, is something we cannot explain. However, by a careful study of the disposition of Ham, his conduct with his father and the part that the children of his four sons played in the dispensation of the Old Testament historical narratives, plainly reveal the fact that they were ordained of God to act out the part of man in his fallen, lost and unredeemed state.

The reader will realize that mankind in this state, in scripture is called "the children of men," "the children of the flesh," "the world," "the wicked," "the children of the Devil." And Jesus put it most emphatic when He said, "Have I not chosen you twelve and one of you is a DEVIL?"

Therefore, seeing the part played throughout the symbolical age of the scriptures, by the children of Ham, not only the descendants of Canaan, but of the descendants of each of his four sons, we take the position, and steadfastly maintain that Ham

That Dull Aching

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor!

F. H. Bohlen, proprietor of a repair shop, Hondo, says: "I always use Doan's Kidney Pills when my back bothers me and they never fail to help me. My back ached and I had a dull pain in my kidneys. I was often dizzy and black specks appeared before my eyes. My kidneys acted irregularly and the secretions were highly colored and burned in passage. I used Doan's Kidney Pills and they cured the attack. My back is now as strong as iron and my kidneys act regularly. I think the world of Doan's Kidney Pills."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bohlen had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

and all his posterity are the God-ordained and appointed symbols of the character of every son and daughter of Adam's race, who, according to scripture, are "shapen in iniquity" and "conceived in sin," "estranged from the womb," and "go astray as soon as they are born, speaking lies," "their poison is like the poison of the deaf adder that stoppeth her ear; which will not hearken to the voice of charmers, though charming never so wisely." To whom John the Baptist said, "O generation of vipers, who hath warned you to flee from the wrath to come? Bring forth therefore fruits meet for repentance." Also Jesus spake to the unconverted, saying, "O generation of vipers! how can ye, being evil, speak good things? For out of the abundance of the heart the mouth speaketh."

This is a fundamental truth which those that have not been truly born of the spirit are slow to believe, namely, that all those not born of the spirit are constitutionally sinners by nature, and stand before God rejected, condemned, and are waiting for the final sentence, "Depart from me, ye workers of iniquity, unto everlasting fire prepared for the Devil and his angels."

I say, the UNCONVERTED, as a rule, do not believe the plain and profuse teachings of God's word on this subject. And yet Jesus Christ said, "He that believeth not, SHALL BE DAMNED." St. Paul says with reference to the Jew and the Gentile,—"the two constituting the whole human race—that there is no difference, for ALL have sinned and come short of the glory of God." Again he says, "For we have before proved both Jews and Gentiles, that they are ALL under sin."

Again, St. Paul says that "the scriptures hath concluded ALL under sin, that the promise by faith of Jesus Christ might be given to them that believe."

Now, we have given the above scriptural statements that those who have not been transformed from nature to grace, by the fact that they have not been begotten by the word, and born of the spirit, are, by virtue of the depraved nature within, constitutional rebels against God and His cause and Kingdom in this world, and are represented throughout the Old Testament by the descendants of Ham, in divers ways, moods and manners, some of which we hope to call to the attention of the reader later, both in this article and others to come.

Yes, the children of Ham, by way of symbol, stand for the condition of your soul and my soul, in the unconverted state, in the earlier stage of the Father's dispensation, condemned by the law, and warned and wooed by the index finger of the dispensation of faithful prophecy, telling of a fearful coming judgment, on the one hand, and a loving, bleeding sacrificial Savior on the other.

Here is where you stand, dear reader, dear sinner, today. Spiritually speaking, a son or daughter of Ham, the children of which, history tells us, were never known to be whiter than a sully, dirty, dingy, dark, semi-white color. So it is with the unconverted, none of them are ever as clean, or pure in heart, nor are they ever spoken of as being dressed in the white robes of righteousness. Oh, no, none but those who have washed their robes and made them white in the blood of the Lamb shall ever enter the city of light, or walk the streets of pure gold. The several tribes of the Canaanites who possessed the Promised Land—the Holy Land—also known as Palestine, before the children of Israel, the Jews, entered and possessed it, were all the descendants of Ham through Canaan, his youngest son.

And the Philistines, joining the Holy Land on the southwest, were the offspring of Ham.

The Egyptians were Hamites, and several others were mixed bloods with the Shemites, the son of Noah

BAPTISTS REPORT \$35,000,000 CASH

CAMPAIGN HAS MADE POSSIBLE
VAST ENLARGEMENT OF EVERY
PHASE OF GENERAL WORK

GAIN 500,000 NEW MEMBERS

Effort Will Be Made to Enlist These
and All Other Baptists in Share
in Forward Movement During
November

Total cash collections on the Baptist 75 Million Campaign up to May 1, 1922, had reached the sum of \$35,152,211.63, according to the general Campaign headquarters. This represents an advance of nearly \$20,000,000 over what Southern Baptists did for their general missionary, educational

DR. L. R. SCARBOROUGH
General Director Baptist 75 Million Campaign.

and benevolent work for the three years preceding the Campaign.

The contribution of larger gifts to religious work has been accompanied by larger spiritual results in the local churches. It is pointed out. For instance, Southern Baptists baptized 150,000 more converts during the first three years of the Campaign than they did in the three years before, gained 3,050 new Sunday schools and 400,000 new pupils, enhanced the value of their local church property by \$33,000,000, enlarged their contributions to local causes by \$22,390,000, and increased their contributions to all causes by \$43,480,490.

Baptist Institutions Grow

Some other phases of denominational progress made possible by the Campaign include increasing the number of Baptist hospitals in the South from 12 to 19, with three others under construction and four more definitely planned; strengthening of 17 Baptist orphanages and the establishment of two new ones, lifting \$3,000,000 indebtedness on 119 Baptist schools, colleges and seminaries, completion and projection of permanent improvements there in the sum of \$4,000,000, and the addition of substantial sums to the endowment funds. Over 2,500 ministerial students are enrolled at Southern Baptist schools.

Church Loan Fund Raised

Among the outstanding accomplishments in the work of the Home Mission Board are the aiding of 1,900 churches in building new houses of worship, the completion of the million-dollar Church Building Loan Fund, strengthening the work among the foreigners and Indians and the 33 Mountain mission schools. The Board has employed an average of 1,495 workers during the Campaign and reports for that period 134,832 baptisms, 218,371 additions to churches, 2,276 Sunday schools and 759 churches organized, and 1,409 houses of worship built or repaired.

On the foreign fields the equipment for mission work has been practically doubled, more than 250 new foreign missionaries have been sent out, more than 400 new native workers have been employed, and the Board has entered the new fields of Spain, Yugoslavia, Hungary, Rumania, Southern Russia, Palestine and Siberia. The Board reports for the period of the Campaign 117 new churches on the foreign fields, 21,723 baptisms, 211 new Sunday schools, gain of 17,576 pupils, native contributions of \$1,003,320.68, and 529,642 treatments administered by medical missionaries.

Another result of the Campaign is that the Relief and Annuity Board, which is seeking to care for the aged dependent ministers and their families, has been enabled to double the number of such persons helped and the amount that is given these beneficiaries. Last year the Board was able to dispense \$128,966 among needy ministers. It has invested assets of \$1,149,088.

Receive 500,000 New Members

More than 500,000 new members have been received into the local Baptist churches of the South since the Campaign began, and in the hope of enlisting all these in the Campaign, as well as reaching the older members of the churches who have not shared in the forward movement heretofore, the month of November 5-December 3 has been designated as Re-enforcement Month by the Campaign Conservation Commission. During this month it is planned that every Baptist church in the South will call upon all its members who are not already participating in the Campaign and secure subscriptions from them covering the two remaining years of the movement, and cash offerings to the Campaign from all the members. Dr. L. R. Scarborough, of Fort Worth, Texas, who was general director of the original Campaign, has been elected to serve in that capacity for the Re-enforcement program, although the details are being worked out in the various states under the leadership of the secretaries of the state mission boards. It is hoped to secure several million dollars in additional subscriptions and several million in cash as well by December 1.

NOTICE.

I hereby give notice, that in my capacity as guardian of the estate of Paulina Graff, a minor, I have filed an application in the County Court of Medina County, Texas, praying for authority to make, execute and deliver to the purchaser thereof, an oil and gas lease on lands belonging to said estate and which are situated in Medina County, Texas, and described as follows:

An undivided one-eighth interest in and to the following land: 539 acres of survey No. 19, A. Smelser, abstract No. 838.

Said application will be heard and acted upon by the County Judge of Medina County, Texas, at the County House in Hondo, Texas, on the 30th day of October, at 10 o'clock a. m., which was the time and place duly set for a hearing of said application.

Mrs. Emma Graff,

Guardian of the Estate of Paulina Graff, a minor.

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets.) It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 50c.

No Worms in a Healthy Child

A child troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

Habitual Constipation Cured in 14 to 21 Days.

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to take. 60c per bottle.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

HOG LAW INVALID.
The people of Precinct No. 5, Devine, have been laboring under the hallucination that they have had a hog law since the good year of 1886. They have been badly mistaken. M. Vallesjo, a citizen of that precinct, was arrested and convicted in the Justice Court on a complaint charging him with allowing his hogs to run at large. His attorneys, Briscoe and Morris, sued out a writ of habeas corpus in the county court, charging Vallesjo with being illegally restrained, claiming the law was invalid, and praying for the release of their client. At a hearing before the county court, at which the minutes of the commissioners' court were introduced and examined, it was held by the court that Precinct No. 5 had no valid hog law and ordered the reator discharged without day.
All of which means that the people of that Precinct, if they wish to restrain the running at large of hogs, will have to get busy and vote a law to that effect, which they will probably do at an early date.

To Erect A Monument.
The campaign to raise \$30,000 to erect a monument to the old time trail drivers, the men who went up the trail with cattle in the early days, has been started and will be pushed from now until January 1. The monument is to be placed in Brackenridge Park San Antonio, on the old trail. This is a worthy movement, for the early cowmen had a big part in the making of Texas history. They were the forerunners of the greatest and most glorious civilization on earth, and their deeds should be perpetuated by erecting a great monument to them. The Old Time Trail Drivers' Association, of which George W. Saunders of San Antonio is president, is behind the undertaking, and donations of from five dollars and up are solicited from all patriotic Texans to go to the monument fund. The committee is composed of W. W. Collier and J. M. Dobie of San Antonio and J. A. Miller of Bandera. Send remittances to W. W. Collier, Treasurer, City National Bank, San Antonio, Texas.

FROM THE BANDERA NEW ERA.

Mr. and Mrs. Jim Glass made a pleasure trip to Medina Sunday.

Several of our boys are working on the cement bridges being built across the Hondo river in Medina county. We hope the people of Tarpley will be able to build a bridge across Commissioner Creek on the Hondo-Tarpley road, as one is needed at that place.

Messrs. D. E. Colp and W. H. Fisher were here from San Antonio last Saturday night and met with a large crowd of the citizens at the court house, where plans for improving the road to San Antonio were discussed. Mr. Colp suggested plans for securing state and federal aid for improving that Medina county corner which has annoyed the traveling public for so many years. He went to Hondo Monday to take up the matter with the Medina county officials, and we hope to report within a very short time that all difficulties have been overcome and that work will actually start on the improvement of the road. After conferring with the Medina county commissioners, Mr. Colp will proceed to Austin to appear before the State Highway Commission in the interest of this road matter.

While in San Antonio Monday we had the pleasure of meeting Mrs. S. J. Wright, past president of the Women's Texas Federated Clubs. Mrs. Wright is now compiling and arranging for publication a history of Texas according to counties. She informed us that it is her intention to sometime visit Bandera and Medina counties in search of data for her book.

Mr. and Mrs. N. J. Hans and son, Richard, were here from Utopia last Monday and Tuesday, guests of Mrs. Henry Haby.

Charles de Montel accompanied the New Era editor to San Antonio to attend the Trail Drivers' reunion. Captain Montel's deportment while in the city was perfect, but he did not attend the big ball Monday night for fear he could not resist the temptation to trip the light fantastic and therefore get turned out of the church for dancing.

SETTLING UP TIME.

Another harvest season has rolled around, and the time for settling up annual accounts is here. In making your settlements do not forget the paper. It costs money to run a paper and printers must have money or, like other people, go hungry. Call at the office and settle your account or remit by letter. Do not wait for a statement—but a statement will be mailed you if desired. Remember, time flies and a neglected subscription account mounts up fast and if allowed to run too long will surprise you with its size. So please wait no longer but pay up now.

Yours in grateful anticipation of an early settlement,
FLETCHER DAVIS.

NOTICE.

The Charles Wallrath farm home of 110 acres, one mile northwest of D'Hanis, is for sale by the Hondo Land Company. This is an ideal farm for an industrious young farmer with a little available cash to acquire on easy terms. If interested see Fletcher Davis at the Anvil Herald office or call on Mr. Wallrath on the premises. tf.

DEVINE NEWSLETS.

From The Devine News.

Big Dedication Will Be October 26.

The St. Joseph Catholic Church announces that it will have its big dedication service in Devine on Thursday, October 26th. Bishop Dro-saerts and a number of visiting priests will attend and help in the dedication, and visitors from all parts of the country are expected. Arrangements are being made by the ladies to serve dinner, with berbecced meats supplementing. Medina county is one of the counties in Texas in which the Catholic Church is the strongest religious organization, and in which many of the most prominent people of the county have membership. While Devine is largely Protestant, spirit of religious intolerance is not prevalent as in some places, and every citizen will welcome the visitors and help to make the day a success. The church has erected one of the best buildings of its kind in Southwest Texas, one which any town may well be proud of.

An Old Paper On Exhibition at Pearsall Fair.

Ned Gossett of Big Foot brought to our office Monday a page from the San Antonio Herald, which bore the date of November 2, 1861, which has an account of an Indian fight which took place between the Sista Diera and the Miguel Creek, not far from where Devine now stands. It was written for the paper under date of October 24, 1861, and signed by Tom Speed, L. T. Ward, James Bishop, James Craig and Norvil Kennard. The paper was kept by the late Mrs. Tobe Long, who was at the time of the battle the wife of James Winters, who was killed in the battle. The old paper is now the property of Mr. and Mrs. Al Couser, who treasure it as of great value. Later, we may be able to copy the entire account of the battle. Mr. Gossett was having some stenographic work done, preparatory to taking it to the fair, along with an old gun used by Mr. J. W. Gardner and an Indian arrow carried in his left side for two or three hours. This fight was in July, 1870, near Cotulla, and not the fight described in the old paper.

New Bridge Cracks By Own Weight; Serious Loss.

A serious loss to the construction company was sustained one day this week at the Chicon Bridge on the Meridian Highway, when the slab, finished the previous day, was found settled and cracking. The engineer said it would have to be taken out at a cost of \$500 or more, requiring dynamite to remove the cracking

slab, and a better foundation for the new work to rest upon.

The gravel is reported complete from the Lytle bridge to the Natalia Canal. It is also complete from Devine south, except the white topping on lower end, from Hester Hill to the county line.

GUM-DIPPED CORDS

Most Miles per Dollar

Everywhere You Hear It -
Firestone Builds the Finest Cords

HARDLY a day goes by but some one goes out of his way to tell us that Firestone Gum-Dipped Cords are the best tires built.

Cords—as only Firestone builds them—will give you many extra thousands of miles of wear. And for fall and winter driving there's nothing like them. The strong, resilient Firestone carcass of gum-dipped cords, can stand the hardest punishment.

With the reputation Firestone Cords hold, it is not surprising that so many motorists in this community have made them standard equipment. The demand for Firestone Cords in the last few months has broken all records.

Prices were never so low as they are now. Perhaps never again can mileage be sold so cheaply.

Decide now that you will get Most Miles per Dollar. Drop in any time and let's talk tires.

"Built Me Up"

"I USED Cardui for years and it did me more good than any medicine I ever used," writes Mrs. M. C. Ragsdale, of Fort Towson, Okla. "I used to suffer with womanly trouble that weakened me until I was a mere shadow, nervous, and could not sleep. I did not feel like I could live.

"It seemed that nothing helped me till I heard of Cardui and began to use it. It

strengthened me and, as 'twas recommended to do, it regulated and built me up till I was like another woman."

If you are weak, run-down and feel that you need a tonic, take Cardui, the woman's tonic, the tonic about which you have always heard, the tonic that helps weak women regain their strength.

Cardui acts on the womanly system and helps relieve pain and discomfort due to female ailments.

Try Cardui, today, for your trouble.
